## KELLSTROM DEFENSE

Kellstrom Defense is the respected global leader for defense aircraft sustainment; deploying an experienced team and complete capabilities to solve customer challenges, offering its military customer base solutions that address the supply chain defects inherent to the sustainment of legacy aircraft no longer supported by OEMs. We are a global provider of comprehensive support for U.S. manufactured legacy defense platforms, including fighters, transports, patrol aircraft, and helicopters. Our total support approach encompasses strategic distribution, repair & overhaul, engineering & manufacturing, modernization solutions, and overall program management.

The Miramar, FL site serves as the distribution and program management arms of the Kellstrom Defense group of companies, specializing in complete supply chain management services. Through established alliances and strategic partnerships with the defense aviation industry's centers, Kellstrom Defense provides a suite of solutions for operators, depots, and aircraft MRO centers worldwide.

## QUALITY & COMPLIANCE

Kellstrom Defense is committed to quality and continuous improvement at every level of the organization through AS9120 and ISO 9100:2008 registrations, implementing lean processes, continuous quality improvement training initiatives, and a customer service focused business model.

Kellstrom Defense is also committed to ensuring full regulatory compliance. Our in-house legal and compliance teams maintain robust processes and procedures to comply with all federal, state and local laws including ITAR, EAR, and the FCPA.

## AIRBORNE TECHNOLOGIES

Airborne Technologies is a Lockheed Martin Hologram/Certified Parts Provider that manufactures precision aerospace structural components and assemblies. Capabilities include: complete tool design, precision manufacturing, engineering, sheet metal fabrication and assembly.
